

**SURVEYING CERTIFICATE PROGRAM  
MIDDLE GEORGIA COLLEGE  
Cochran, Georgia 31014**

October 16, 2008

We regret that we are unable to offer the Technical Standards Course at this time due to various problems with the presentation platform as well as administrative issues. We hope to resume offering the course as soon as the issues are resolved. However, we do not anticipate having the course ready until the next License Renewal Cycle. We are sorry for any inconvenience. If you need the TS professional development hours, you may want to attend the SAMSOG Technical Standards Session at the next technical seminar or investigate Red Vector course offerings.

Thank you very much for your interest in our program.
